

HOOP DREAMS

March Madness is upon us, and Bucky is itching to get on the court.

It's true that his offensive skills are limited — he still shoots his free throws granny-style, and the fur on his paws makes it difficult to dribble. And yes, he's ended a few games early by accidentally puncturing the ball with his claws. Still, nobody plays better defense than our badger — he intimidates the opposition with his fierce attitude and a head so large it eclipses the sun. Plus, the revealing cut of a basketball jersey and shorts give the ladies a good view of Bucky's better attributes. So put him in, Bo — this badger's ready to play.

Cut out these outfits to go with your Bucky Badger paper doll. Haven't got yours? Watch your mail for your next membership kit, or e-mail Insider@uwalumni.com.
